

MXO™

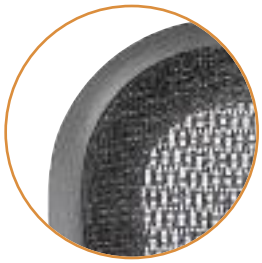

# >>> UNPRECEDENTED COMFORT CONTEMPORARY AESTHETIC AND SUSTAINABLE DESIGN...

MXO™

MXO combines unprecedented comfort in its category with a contemporary aesthetic and sustainable design. MXO was designed for meeting rooms, break out rooms, and conference room seating applications.

INTELLIGENT DESIGN

### RESPONSIVE ELASTIC MESH

Translucent ABLEX™ patterned weave mesh back provides generous lumbar support while allowing dynamic back movement. Air flows freely through this breathable mesh for added comfort in any environment.

### FIXED ARMS

Comfortable soft arms. Dimensional height of arms designed to fit smartly under all standard height conference and meeting room tables.

### WATERFALL SEAT DESIGN

Contoured seat foam incorporates a waterfall design that gently slopes away from the legs, minimizing pressure on the thighs, promoting good posture and reducing sitting fatigue.

### EXTREME COMFORT

Seat consists of a thin ultra-comfortable ENERSORB™ pillow top foam that allows for greater blood circulation reducing seating pressure points which provides the guest with extreme comfort.

### MEMORY HEIGHT

Available with memory height and position gas lift which always returns the chair to a uniform height and position.

Meeting Ends

MXO Automatically Returns to Height

MXO Automatically Returns to Position

MXO Pushed Back Under Table

Sit, listen and go. The MXO allows you to concentrate on the business at hand in comfort and support. Simply push the chair back towards the table at meeting's end and go. The conference room looks great and ready for its next meeting.

P.S. Don't forget your coffee cup or water bottle.

### >> intelligent design

The MXO meeting/conference chair was consciously designed without adjustments except for pneumatic height adjustment. In addition, the MXO was designed with an innovative feature-memory height and position, allowing for a uniform clean aesthetic in the conference room. Say goodbye to messy, unorganized meeting rooms, say hello to MXO and clean distinguished conference rooms!

"Harmonic balance between good design, ergonomic performance and ultimate sitting comfort has always been my goal."

*W.R. Breen Designer*

### >> color options
