6200 Series

No matter what your dimensions, style or position - executive, management or administrative - the ergonomic CXO chair has been especially designed to provide you with **EXTREME COMFORT**.

MECHANISM USER GUIDE

- A Tension Knob**
Turn clockwise to increase tension, turn counter-clockwise to decrease tension. Tension should be adjusted to allow ease of movement when tilting chair to provide maximum comfort and remove pressure from lower back and legs.
- K Infinite Position Tilt Lock**
To lock chair in position, push paddle down, to allow free movement, pull paddle up. Seat and back angle can be adjusted at the same time to provide optimum support while seated, either in a locked position or free floating.
- O Seat Slider**
Pull lever bar up to unlock, move seat to desired position, release lever to lock into position.
- Q Pneumatic Height Adjustment**
To lower, lift paddle while seated. To raise, lift paddle with your weight off seat. The seat height should be adjusted so that while seated, the individual's feet are flat on the floor and the legs are straight. This will reduce fatigue and maximize comfort.
- R Lumber Height and Depth Adjustment**
Lift lumbar support to desired position. To lower lumbar pad lift pad to highest position to reset to lowest position. Lumbar height should be adjusted to provide optimum support to the lower lumbar area of the individual's back, reducing the potential for back fatigue. To increase or decrease lumbar support push button down and move pad. Release to lock in position.

OVERALL DIMENSIONS

| | Width | Depth | Height | Seat Height |
|--------------|----------|----------|----------|-------------|
| G6200 | 27"-29½" | 27"-29½" | 36½"-41" | 16"-21" |

44-232 Synchro-Tilt Intensive Task

>> Fabrics

GRADE 1 - MYSTIC

GRADE 4 - ERA

NOTE: Due to variances in dye lots and offset printing, Nightingale does not guarantee that the colors shown will be a perfect match to actual colors. All items shown are available at the time of this printing. You will be notified by Nightingale should your desired chair model and/or option not be available at the time of your order.

>> Warranties

Under the Nightingale Corp. warranty, all claims must be made within the time period specified. Nightingale Corp. offers a Lifetime Limited Warranty, unless otherwise specified, from the date of purchase by original purchaser, on all non-moving metal components. Nightingale Corp. also warrants that self-skinned urethane parts, plastic shells, casters, wood parts and mechanisms will carry a (5) five year warranty. Upholsteries will carry a (2) two year warranty. Pneumatic cylinders will carry a (10) ten year warranty.

>> General Warranty

This warranty does not apply to damage caused by accident, abuse, negligence, abnormal use or use with extreme climatic conditions. Due to the inherent nature of certain materials used, all furniture containing wood, fabric or leather is subject to minor variations or irregularities of color, grain and texture. Normal use is defined as a maximum of eight (8) hours a day, five (5) days per week. Normal climatic condition is defined as the temperature and moisture content range for human comfort and health. Compliance with applicable laws, regulation codes, certificates and manufacturing standards are disclaimed if this product is misused, improperly installed or modified in any respect (including without limitation, any change in fabric or mechanical components affecting stability, load capacity or load distribution) after shipment from the manufacturer.
