# Legacy™

## Ergonomic Task Chair

Legacy™ is an ergonomic seating solution with a patented, built-in passive lumbar and lateral back support mechanism that self-adjusts for continual support, and is an award winner for good design.

*Available in 3 models. Options include soft tile casters 2", California fire code #133 and larger wheel casters.*

# Ergotech™

## Classic Ergo Task Chair

The Ergotech™ chair series is an intensive use task chair that offers distinctive styling and substantial ergonomic back and seat support. Available in 3 sizes all of which offer a distinguished styling to make any office look great.

*Available in 4 models. Options include adjustable back angle mechanism, adjustable seat sliding mechanism, arm height and width adjustments, soft tile casters 2", California fire code #133 and larger wheel casters.*

# Ultima II™

## Ergonomic Task Chair

Ultima II™ series is ideal for all office settings, and its compact frame makes it especially usefull for smaller areas. Many feature and adjustment options available to allow for a customized fit.

*Available in 5 models. Options include adjustable back angle mechanism, articulating swivel mechanism, adjustable seat sliding mechanism, arm height and width adjustments - elongated, loop, armless, soft tile casters 2", California fire code #133 and larger wheel casters.*

# Cricket™

## Stackable Chair

Cricket™ chairs are easily ganged or stacked, and are especially designed to give any common space a custom-made look. Stacks 10 high on a dolly and 6 high freestanding. Excellent comfort and support via a compound curved back.

*Available in 8 models. Options include casters, tablet arms, wood, arm and armless, selection of frame finish colors and California fire code #133.*

# Spider<sup>TM</sup>

## Stackable Chair

Spiders<sup>TM</sup> lightweight design makes it a snap to transport to meeting rooms, reception areas and occasional office settings. Stacks 10 high on a dolly and 6 high freestanding. Features a generous seat size and full back support which allows the user to sit comfortably for long periods of time.

*Available in 4 models. Options include arm and armless, selection of frame finish colors, sled base and California fire code #133.*

# Beetle™

## High Density Stackable Chair

Beetle™ collection is a complete series of stackable chairs with structural appeal and affordable price. This refined stacking chair series is available in a range of different colors and options. Conveniently stacks 45 high on a dolly while easily passing through a 79" doorway.

*Available in 4 models. Options include ganging, tablet arm, arm and armless, upholstered, wood, large selection of frame finish colors and plastic shell colors, wire basket, hard and soft plastic glide and California fire code #133.*

## Stackable | Nesting Chair

The versatility of this extremely comfortable chair is ideal for meeting, training rooms, touch down areas or long days of learning. Folding seat allows the NXO™ to nest horizontally providing a smart storage solution or it can be vertically stacked 3 high. A supportive dual hexagonal torsion bar system with preset tension allows the back to move to the weight and pressure exerted by the user.

*Available in 3 models. Options include arm and armless, chrome plated frame finish, soft tile casters 2", glides, fully upholsterd and California fire code #133.*

## XO™ Collection

It was a matter of deliberate design to create a “new signature shape” for the XO™ Collection. One Collection. Eight chair series. Harmonic design and individual function. The first ergonomic mesh chair collection that provides real choice - form and function, without sacrificing comfort or quality. REVOLUTIONARY. PATENTED.

## 12 ergonomic task seating

## Nightingale's Ecological Statement

At Nightingale Corp., we believe in respecting our employees, our customers, our vendors, and the environment. By respecting our planet's fragile eco-system, we respect our children's future, their children's future.....

Planet Nightingale is our environmental initiative. Our commitment to the environment is expressed in a variety of ways – from making smart choices when it comes to choosing materials and processes, to designing products that are simple, flexible, and durable. It's all about doing more with less.

Nightingale is proud to have developed and promoted an environmental policy long before government instituted mandatory recycling. We are committed to manufacturing our products utilizing methods and materials that help to reduce the adverse impact on our environment.

The basic elements of our plan are to use others' waste (recycled materials) or sustainable sources of raw materials to create our products, to ensure that our products are recyclable, to use as few resources as possible in the manufacturing process, and to ensure that we minimize or eliminate waste and emissions. **We would like our footprint on the world to be very light.**
